**General Contractor**

APOLLO, INC. is a Native American and locally owned general contracting firm which has been operating out of Kennewick Washington since 1993. APOLLO specializes in infrastructure, industrial, commercial, and design build projects throughout the Pacific Northwest.

APOLLO has a history of successfully performing contracts under extremely tight time constraints and funding-driven deadlines and has built a strong regional reputation for economical, on-time delivery on such diverse projects as wastewater treatment, water treatment, bridges, laboratories, wineries, manufacturing facilities, commercial buildings, and environmental remediation.

*Apollo operates as a Small Disadvantaged Business Concern (SDB) per new federal regulations which outlines the rights of an Indian-owned Economic Enterprise.” Per recent changes made to the Federal Acquisition Regulation, specifically FAR 52.219-9 Small Business Subcontracting Plan (Oct 1999).*

## SR-12 Frenchtown Vicinity Lane Addition

Apollo Completed 9 miles of new four lane highway; a \$33 Million Lane Addition. Scope of work included:

- realigning county roads,
- construction of an interchange, along with grading, drawing, paving, surfacing,
- 2.6 million cubic yards of excavation
- 2.2 million cubic yards of embankment
- 360,000 tons of crush surfacing
- 180,000 tons of asphalt
- two 140x40 ft prestressed girder bridges.

## SR-10 ATTALIA LANE ADDITION

From 2006—2007, Apollo Inc. completed the construction of SR-12, Attalia Vicinity Add-Lanes project for the Washington State Department of Transportation.

The work included:

- a 550 foot Pre-Stressed Concrete Girder Bridge
- 3.2 miles of four lane roadway with 300,000 cubic yards of excavation and embankment
- 90,000 tons of crushed rock
- 50,000 tons of asphalt
- a 66 inch steel high pressure irrigation line
- along with signing, illumination, guideposts, guardrail and pavement markings.

## Columbia Center Blvd BNSF Rail Road Grade Separation

The City of Kennewick awarded Apollo, Inc., the task of constructing a pre-stressed grade separation bridge structure, 81 feet in length, for Columbia Center Blvd. A \$7,406,963 valued project. The goal of the project is lowering and re-aligning 7,850 linear feet of BNSF Rail Road track including the installation of approximately 5,150 linear feet of storm drain, 746,000 cubic yards of earthwork haul, and street reconstruction.

The scope of work included:

- Complete construction of bridge structure for Columbia Center Blvd
- Removing 746,000 cubic yards of dirt over a mile of land
- Replacing over a mile of new track.
- Reconstruction of Columbia Center Boulevard.

## Terrace Heights Area Improvements

Apollo Inc was contracted to construct new 75 foot girder bridge for Yakima County Public Works in the Terrace Heights Area. Also, as part of the contract, Apollo Inc was asked to widen an existing concrete box culvert bridge; and widen an existing two-lane road to four lanes, for one mile.

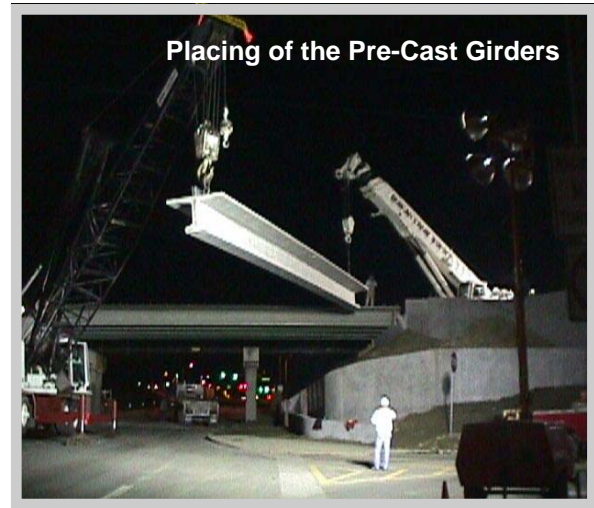

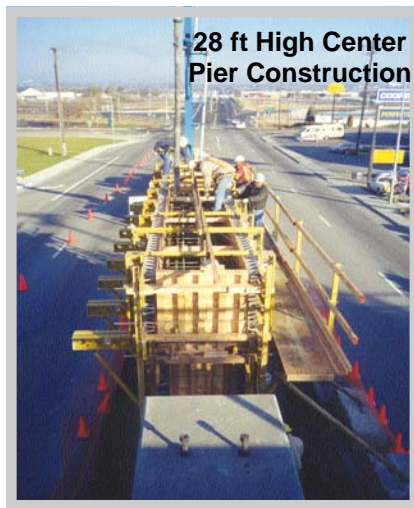

## TAPTEAL OVERPASS RICHLAND, WASHINGTON

Tapteal Overpass was a \$1.6 million dollar fast track two-span bulb tee pre-cast concrete overpass for the City of Richland. The project took five months to complete. Apollo was awarded a \$25,000 dollar incentive for our 3 month early completion. Apollo was able to maintain constant traffic flow in both directions during the entire construction process.

Apollo's contract included the following scope:

- Apollo placed 30,000 cubic yards of structural fill
- Apollo constructed 4,200 linear feet of six to twenty foot high retaining walls
- Apollo constructed a half-mile of roadway, utilities, curb, gutter, sidewalk and landscaping for this project

## SITE WORK

Apollo, Inc has over 20 years in the construction industry which includes:

- Industrial and commercial site preparation
- Residential sub-division site development,
- Underground utility construction
- Concrete construction
- DOT highway projects

Apollo has demonstrated the capacity to equip and staff construction projects ranging from small short term projects up to long term industrial projects. The company employs the latest technologies available for engineering, estimating and managing projects.

Apollo, Inc. has the manpower, equipment and expertise to provide a wide range of site and infrastructure construction services and materials for our clients. Our construction services include site work, underground utilities, concrete construction and base and pave. In support of our construction activities we have a large supply of heavy and civil equipment to meet any major project need.

We take pride in the fact that we employ between 125 and 200 people and put \$37 million into the local economy each year through the labor, material and equipment resources we purchase.

City of Pasco	Public Works Expansion Building	Building	Pasco, WA	127,783.00	Apollo, Inc.	City of Pasco, Engineering Division	(509) 545-3444 Doyle L. Heath	P O Box 293, Pasco, WA 99301	Complete	1/05-3/05	Building Expansion consisting of demolition, earthwork, concrete foundation and floor, stick built/metal siding building and electrical.
City of Colville	Colville Wastewater Treatment Plant	WWTP	Colville, WA	13,507,624.10	Apollo, Inc.	Varela & Assoc., Inc.	(509) 328-6066 Kurt Holland	West 601 Mallon Avenue, Spokane, WA 99114	Complete	4/05-8/06	Construction of a new 1.45 MGD activated sludge wastewater treatment plant. Major elements include: earthwork, site improvements, utility and road improvements, lagoon modifications, concrete process basins, supply and installation of process equipment, process and operations bldgs., electrical and controls.
City of Chehalis	Chehalis Regional Water Reclamation Facility	WTP	Chehalis, WA	27,464,108.71	Apollo, Inc.	Gibbs & Olson, Inc.	(360) 425-0991 Mike Marshall	1405 17th Avenue, Ste. 300, Longview, WA 98632	Complete	3/05-2/07	Construction of a new water reclamation facility and effluent forcemain. Reclaimed water facilities include earthwork, headworks, a 3-tank SBR treatment system, 2 HDPE lined basins, Continuous backwash sand filters, UV disinfection, intermediate and effluent pump stations, biosolids processing and handling equipment, electrical controls and instrumentation 5 CMU/metal bldgs, control bldg, and yard piping. Effluent forcemain consists of approx 7500 lf of 18 and 30" HDPE pressure pipe, air release assemblies and a horizontal directional drill under the Chehalis River.
Confederated Tribes of the Umatilla Indian Reservation	Meacham Creek and Umatilla River Bridges	Native American	Umatilla County, OR	2,110,790.02	Apollo, Inc.	Anderson-Perry and Associates	(541) 963-8309 Hibbard	P O Box 1107, La Grande, OR 97850-0939	Complete	6/05-11/06	Construction of 2 43-meter single-span bridges to replace the existing bridges. Work includes const. of approx. 800 meters of realigned roadway, 198 meters of 325 mm diameter drilled steel pipe pile, 248 cubic meters of structural concrete, 696 meters of precast concrete girders, 12,100 cubic meters of road embankment, 5700 mg of riprap, 6500 mg of aggregate base, 2400 mg of asphalt concrete, 170 meters of guard rail, 1080 meters of fences and other road and bridge work required.
Newland Communities, LLC	Creekstone Phase 10,13,14, Irving Street Extension	Site Work, Utilities, Earthwork	Kennewick, WA	3,233,805.72	Apollo, Inc.	Newland Communities	(360) 254-0933 Gary Warden	16701 SE McGillivray Blvd., Ste. 150, Vancouver, WA 98683-3417	Complete	4/05-11/05	Project consists of 352 building lots, excavation sanitary sewer line, water line, storm sewer line, irrigation line and concrete curb and gutter.
Eastern Oregon Children's Multi-Treatment Center	Eastern Oregon Children's Multi-Treatment Center	Building	Pendleton, OR	420,000.00	Apollo, Inc.	Eastern Oregon Children's Multi-Treatment Center	(541) 276-0057 Mary Winter	P O Box 218, Milton Freewater, OR 97862	Complete	5/05-8/05	Tenant improvement to existing bldg that was empty and constructed a complete bldg out of new offices and meeting rooms.
City of Umatilla	Umatilla Wastewater Treatment Plant	WWTP	Umatilla, OR	931,269.00	Apollo, Inc.	Anderson-Perry and Associates	(541) 963-8309 Brett Moore	P O Box 1107, La Grande, OR 97850-0939	Complete	6/05-12/05	Construction of Wastewater Treatment Plant. Work includes oxidation ditch aerators, clarifier, return sludge pump station expansion, and associated electrical work.
City of Walla Walla	Sudbury Road Landfill	Site Work, Utilities, Earthwork	Walla Walla, WA	2,079,517.04	Apollo, Inc.	City of Walla Walla	(509) 527-4537 Frank Nicholson	P O Box 478, Walla Walla, WA 99362	Complete	8/05-12/05	General construction work and services for construction of composite lined landfill cells with leachate collection and removal systems, and a double-lined leachate storage evaporation pond.
Walla Walla County	Harvey Shaw Bridge	Bridge	Walla Walla County, WA	2,463,303.92	Apollo, Inc.	Walla Walla County	(509) 527-3241 David Eids	P O Box 813, Walla Walla, WA 99362-0254	Complete	8/05-1/06	Improvement of Harvey Shaw Bridge by removing an existing 100 ft. concrete multi-span bridge and constructing a 150 ft. single span concrete bridge, remove existing pavement, grading, placing crushed surfacing, paving w/ asphalt concrete.
City of Walla Walla	Walla Walla Fire Station	Building	Walla Walla, WA	112,000.00	TW Clark	TW Clark	(509) 927-0800 Scott Rountree	10807 E. Montgomery, Ste. No. 3, Spokane, WA 99206	Complete	7/05-8/05	Provide all labor for building framing.
Columbia Basin College	CBC/KMC Health Science Center	Building	Richland, WA	321,400.00	Bouten Const.	Bouten Construction	((509) 943-7677 Michael Holstein	660 Swift Blvd., Ste. B, Richland, WA 99352	Complete	8/05-11/05	Demolition, Site Grading, Excavation, Fill and Backfill, Trenching, Landscape Grading, Storm Water Collection, Storage Piping and Dissapation, Exterior Water, and Irrigation and Sewer Piping
Washington State Parks & Recreation Commission	Sacajawea Park	Site Work, Utilities, Earthwork	Pasco, WA	738,951.24	Apollo, Inc.	Washington State Parks & Recreation Commission	(360) 902-8500 Tony Rapozo	P O Box 42650, Olympia, WA 98504-7650	Complete	9/05-3/06	Renovation and addition to the existing interpretive center, the construction of an "interpretive" trail from the parking area, and related landscaping, sitework and related utilities.
Bonneville Power Administration	White Bluffs Control House	Building	Benton County, WA	201,657.00	Apollo, Inc.	Bonneville Power Administration	(360) 619-6759 Rudy Krohn	3404 Swallow Avenue, Pasco, WA 99301	Complete	9/05-11/05	Provide material and resources required to construct the Control House. Provide and install concrete foundation and slab work, concrete masonry, metal fabrications, carpentry, sheathing and pre-engineered trusses, metal roofing, vapor barriers, insulation and sealing, doors and windows, suspended ceiling, floor base and painting, HVAC, and electrical conduit, wiring and circuitry.
Gilliam County	Gilliam County Wheat Laboratory	Site Work, Utilities, Earthwork	Condon, OR	754,329.00	Apollo, Inc.	Ketchum Enterprises	(541) 565-3406 Milt Ketchum	67408 Hwy 97, Moro, OR 97039	Complete	10/05-5/06	Construction of approx 3300 sf type VN, "B" bldg. Improvements include asphalt driveways, concrete sidewalk/curbs, landscape planters and water service. Utility conduits for telephone, electrical, and fiber optic, utilities are also included in this project.
J. R. Simplot Co.	Simplot Lagoon Repair	Pond	Hermiston, OR	238,000.00	Apollo, Inc.	J.R. Simplot Co.	(208) 454-4586 Barry Robinson	Hwy 19, Gate 2, Caldwell, ID 83686	Complete	10/05-11/05	
East Columbia Irrigation District	EL 55 Pumping Plant	Building	Warden, WA	692,355.00	Apollo, Inc.	CH2M Hill	(509) 735-9149 Stan Scheissing	8836 W. Gage Blvd, Kennewick, WA 99344	Complete	11/05-3/06	Consists of installation of new concrete slabs, construction of new CMU block bldg, new pumps and associated electrical gear, new discharge piping, level monitoring equipment at discharge structure.
Squaxin Island Gaming Enterprise	SR 108 Improvement Design Build	Native American	Shelton, WA	291,125.00	Apollo, Inc.	Telegraph Engineering	Scott Wenger	1920 Main Street, Ste. 17, Ferndale, WA 98248	In Process	11/05-3/06	Project involves design and construction of turn lanes, street lighting, drainage improvements on SR 108 for a new access road to the Little Creek Casino.
City of Pasco	SR 397 Ainsworth Avenue Railroad Crossing	Bridge	Pasco, WA	5,572,268.58	Apollo, Inc.	Anderson-Perry & Associates, Inc.	Jeremy Morris	P O Box 1687, Walla Walla, WA 99362-0032	Complete	1/06-8/06	New overpass bridge, earth wall, embankment approaches, and street improvements.
Confederated Tribes of Umatilla Indian Reservation	Phase 1, Governance Center and Infrastructure for the Public Safety Building	Native American	Pendleton, OR	288,097.01	Apollo, Inc.	CTUIR	(541) 276-3099 Jim Beard	P O Box 638, Pendleton, OR 97801	complete	12/05-6/06	Work includes grading, access road, potable water, sanitary sewer, paving and stormwater drainage
Alan Ashmore	Spring Terrace Sub-Division	Site Work, Utilities, Earthwork	Walla Walla, WA	700,000.00	Apollo, Inc.	Alan Ashmore Const.	(509) 520-6069 Alan Ashmore	1231 Grant Street, Walla Walla, WA 99362	Complete	1/05-4/05	41 city lot subdivision - utility, excavation, concrete and street construction.
Majerus, Inc.	Triple Creek Meadows Sub-Division Improvements	Site Work, Utilities, Earthwork	Walla Walla, WA	770,000.00	Apollo, Inc.	Doug Majerus Homes	(509) 301-5066 Doug Majerus	P O Box 1384, Walla Walla, WA 99362	Complete	3/05-6/06	29 city lot subdivision - utility, excavation, concrete and street construction.
Housing Authority of City of Walla Walla	Rosheaven Cottages Street and Utilities Improvements	Site Work, Utilities, Earthwork	Walla Walla, WA	226,354.00	Apollo, Inc.	City of Walla Walla Housing Authority	(509) 522-7812 Linda Kasting/Boggs	501 Cayuse Street, Walla Walla, WA 99362	Complete	3/05-5/05	13 duplex city lots - all utility, excavation, concrete and street construction.
Paul Gatewood Construction	Table Rock 2 - Offsite Improvements	Site Work, Utilities, Earthwork	Walla Walla, WA	162,000.00	Apollo, Inc.	Gatewood Construction	(509) 301-1144 Paul Gatewood	945 SE Harves Drive, College Place, WA 99324	Complete	5/05-6/05	48" storm drain system to handle a flash flood or 100 year storm event in shoulder of Cottonwood Road. Project located outside of new 400 lot subdivision.
City of Pomeroy	Pomeroy Water System Improvements	Site Work, Utilities, Earthwork	Pomeroy, WA	243,551.03	Apollo, Inc.	Progressive Engineering Group	(208) 746-5406 Terry Nab	1208 Idaho Street, Lewiston, ID 83501	Complete	7/05-10/05	Reconstructing three existing wells, including new pitless adaptors, pumps, drop pipes, assoc. piping and fittings and installing a new electrical control and instrumentation system.
Doug Majerus	Carmella Addition Street & Utilities Improvements	Site Work, Utilities, Earthwork	Walla Walla, WA	225,200.00	Apollo, Inc.	Doug Majerus Homes	(509) 301-5066 Doug Majerus	P O Box 1384, Walla Walla, WA 99362	Complete	7/05-8/05	9 city lot subdivision - utility, excavation, concrete and street construction.
City of Walla Walla	Isaacs Ave. Sewer Improvements	Site Work, Utilities, Earthwork	Walla Walla, WA	124,842.14	Apollo, Inc.	City of Walla Walla	(509) 527-4537 Dean Abrams	55 Moore Street, Walla Walla, WA 99362	Complete	9/05-10/05	Construction of 895 ft of 10" diameter PVC sanitary sewer pipe, five manholes, 975 sy of arateral street patch and other associated work.
Majerus, Inc.	Triple Creeks Meadows - Phase 2	Site Work, Utilities, Earthwork	Walla Walla, WA	740,600.00	Apollo, Inc.	Doug Majerus Homes	(509) 301-5066 Doug Majerus	P O Box 1384, Walla Walla, WA 99362	Complete	9/05-12/05	30 city lot subdivision - utility, excavation, concrete and sstreet construction.

Western States CAT	CAT Equipment Repair Shop Addition	Design/Build	Pasco, WA	5,000,000	Apollo, Inc.	In Process	Jim King (208)-884-2210	268	In Process		The CAT Equipment Repair Shop Addition is a Design/Negotiated project for Western States. This project is a 32,361 square foot addition to the existing building that included value engineering, preconstruction estimating, and constructability review. It includes a truck shop, heavy duty equipment shop, parts warehouse and two story office. The existing 3,012 office area was demolished, and existing equipment shop and parts warehouse were improved. This was done by doing construction around the office as much as possible, before moving the employees out to portable office space when time came to demo the existing office. Site work includes a completely new sanitary sewer system, water lines and fire water loop as well as 220,000 SF of asphalt. All of this had to be done while CAT continued to be open for business. In the beginning, Apollo worked on the north half while CAT operated out of the south half. When Apollo was finished, they moved to the south half and continued construction. This environment, along with the agreed upon completion date has kept Apollo on an accelerated process to get Western States CAT operating in their new facility as soon as possible.
Carr Farms	Carr Farms		Pasco, WA	755,000.00	Apollo, Inc.			28 Pasco Kahlotus Road, Pasco, WA	Complete	3/07-8/07	Furnish and install the following: foundation excavation and backfill, complete foundation system for the building including rebar and anchor bolts, roof simple saver insulation systems, sectional doors.

Battelle PNNL	Physical Sciences Foundations	Site Work, Utilities, Earthwork	Richland, WA	13,730,602.50	Apollo, Inc.	Flad & Associates		644 Science Drive, Madison, WI 53744-4977	In Process	11/07-1/09	The overall project consists of excavation of building footings for three future laboratories. The footings are comprised of interior and perimeter strip footings, column footings, pier pads and concrete stem walls. Besides the concrete we are erecting structural steel and pan decking for two of the three buildings. All structural steel is tied together with an electrical grounding grid. The only building that does not receive structural steel is the 3425 Ultra Low Laboratory, this building is all cast in place concrete and will be buried under the earth with only two elevator towers protruding above the ground when complete. When we are complete, all of the concrete and structural steel will be erected and ready for the next phase of the project (to be completed by a separate contract/contractor).
